

# HD15-XL

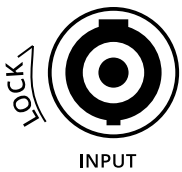

## High-Definition 15" Passive Loudspeaker Cabinet

### Congratulations!

Thank you for choosing the HD15-XL Passive Speaker Cabinet!

The HD15-XL is ideally suited for use in Public Address (PA) systems in Churches, Temples, etc, or for Music Recreation Performances.

### HD15 SpeakON Input

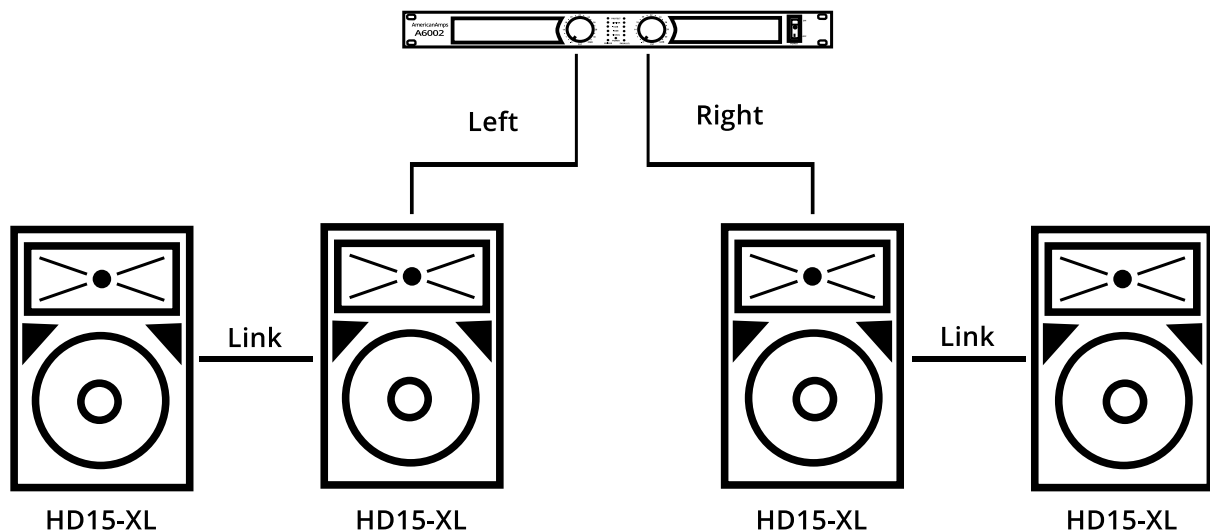

Note the SpeakON Input Connector.

Insert the SpeakON cable and twist to lock.

**If the connector is not locked, no sound will be heard.**

An additional SpeakON connector is present for parallel linking with additional HD15-XL's

### HD15 Speaker Wire Input

In the event you do not have ready-made SpeakON cables, you can use ordinary speaker wire and a **Neutrik NL4FX** connector (not included) with pins wired to 1+/1-.

Please pay attention to correct polarity whenever assembling speaker wire connections.
